*Apple is not a participant in or a sponsor of this promotion. Service is not available everywhere. CenturyLink® Internet Basics Program is available to residential customers only who qualify based on meeting income-level eligibility requirements, and/or are receiving benefits from a qualifying federal assistance program, and requires remaining eligible for the entire offer period. Qualifying customers may keep the service under the program for a maximum of 60 months after service activation provided customer still qualifies that entire time. A professional installation fee (if selected) applies; self-installation is available at no charge. After 12 months, standard monthly rate of \$14.95 will apply for 48 months. Customer must either lease a modem from CenturyLink (\$9.99 monthly lease charge will be waived for the first 12 months of service; rate will apply starting in 13th month) or purchase a \$99.99 modem from CenturyLink for a one-time charge. Shipping and handling fees apply to purchased modems, but do not apply to leased modems. In all instances, a one-time High-Speed Internet activation fee applies. Rate excludes taxes, fees and surcharges which are based on standard, not promotional, rate. If customer cancels one of the required bundled services during promotion, all promotional rates are void. Credit approval and deposit may be required. An early termination fee (up to \$200 max. based on remaining number of months of service) will apply if service is canceled before end of term. Changes to customer's HSI service initiated by customer during the promotional period may void offer discount. Offer not available on certain other discounted service plans. Limit one offer per household. Additional restrictions may apply. *Apple is not a participant in or a sponsor of this promotion. Service is not available everywhere. CenturyLink® Internet Basics Program is available to residential customers only who qualify based on meeting income-level eligibility requirements, and/or are receiving benefits from a qualifying federal assistance program, and requires remaining eligible for the entire offer period. Qualifying customers may keep the service under the program for a maximum of 60 months after service activation provided customer still qualifies that entire time. A professional installation fee (if selected) applies; self-installation is available at no charge. After 12 months, standard monthly rate of \$14.95 will apply for 48 months. Customer must either lease a modem from CenturyLink (\$9.99 monthly lease charge will be waived for the first 12 months of service; rate will apply starting in 13th month) or purchase a \$99.99 modem from CenturyLink for a one-time charge. Shipping and handling fees apply to purchased modems, but do not apply to leased modems. In all instances, a one-time High-Speed Internet activation fee applies. Rate excludes taxes, fees and surcharges which are based on standard, not promotional, rate. If customer cancels one of the required bundled services during promotion, all promotional rates are void. Credit approval and deposit may be required. An early termination fee (up to \$200 max. based on remaining number of months of service) will apply if service is canceled before end of term. Changes to customer's HSI service initiated by customer during the promotional period may void offer discount. Offer not available on certain other discounted service plans.
